Letter for Recommendation

**To Whom It May Concern : 9 Dots Consulting**

I confirm 9 Dots is the official vendor for consulting and support services for KUKA's AX solution. Overall, we are quite satisfied with the level of support we have received for consulting and support. We are also planning to deploy the solution to our other operations in Korea and India. We will not hesitate to re-engage them for the rollout. Nor do we have any hesitations to recommend 9 Dots as a solution provider for the customers.
